

PRODUCT DATA INFORMATION

MX-40

DESCRIPTION

MX-40 is a water soluble, powerful, fast acting, concentrated combination of surface active ingredients designed to handle any grease, oil and soil problems that exist in industrial plants

CHEMICAL PROPERTIES

Appearance	Clear Mauve-like liquid
pH	13 - 14
Specific Gravity	1.090
	Non-flammable, non-corrosive, leaves no residue on drying.

USES

Use to clean forklifts, greasy equipment, exhaust fans, lathes, industrial carbon and soot, workshop floors, tool & die equipment etc. For removing carbon build-up from air filters found in "air ducted units"

METHOD OF USE

Depending on application, dilute 1 part **MX-40** with up to 100 parts water. Stronger concentrations should be used for more heavy duty cleaning. **MX-40** may also be used in industrial pressure washing units at a dilution rate of 1 to 2 parts in 100 parts water as well as in industrial floor scrubbing machines.

PRECAUTIONS AND FIRST AID

Concentrate can cause skin and eye irritation. After contact, flush with plenty of water.

Before use on painted surfaces, test small area first.

KEEP OUT OF REACH OF CHILDREN
